Subject: Provider Network Expansion Program – Now Open to Mid-Level Providers

In September of 2014, IEHP launched the Provider Network Expansion Program in response to our continued growth in enrollment. The purpose of the program is to support the hiring of PCPs and Specialists in the Inland Empire. We are pleased to announce that we have expanded the program to include mid-level Providers.

The requirements and criteria for mid-level Providers will follow the existing guidelines for PCPs and Specialists. This includes the requirement that the mid-level Providers are **new** access points in the network. Mid-level Providers currently or previously participating with IEHP will not be considered for funding opportunity. Funding for mid-level Providers will be at 50% of one year costs to a maximum of \$75,000.00. The program description and application may be obtained from IEHP's website at <https://ww3.iehp.org/en/providers/join-our-provider-team/network-expansion-fund/>

For questions regarding the program, you may contact Kirk Fermin, Business Analyst at (909) 890-5522, e-mail fermin-k@iehp.org. Thank you for your interest in this important program as we strive to increase the access to quality health care services in the Inland Empire.
