Panel Discussions

Care Coordination

Best practices and the roles of health plans, medical groups, and other providers in care coordination, including care planning and care teams.

Engaging Consumers in Care

Communicating effectively with consumers to explain the managed care process, as well as promising practices to reach and engage new enrollees.

Integrating Home and Community-Based Services

Innovative work being done to integrate the full continuum of services for those who receive home and community-based care.

Leveraging Community Resources

Creative ways plans and medical providers can work with community organizations to serve Cal MediConnect enrollees.
