Subject: **Community-Based Adult Services (CBAS)**

Inland Empire Health Plan (IEHP) is financially responsible for all aspects of Community-Based Adult Services (CBAS), a Medi-Cal benefit, formerly known as Adult Day Health Care Centers (ADHC).

CBAS services include: an individual assessment, professional nursing services, physical, occupational and speech therapies, mental health services, therapeutic activities, social services, personal care, meals, nutritional counseling, and transportation to and from the Member's residence and the CBAS center.

IEHP is requesting IPAs and PCPs to assist us in identifying IEHP Members who meet at least one of the following specific criteria for Community-Based Adult Services:

- Nursing Facility Level A or Above
- Organic/Acquired or Traumatic Brain Injury and/or Chronic Mental Health Illness
- Alzheimer's Disease or Other Dementia (Stage 5, 6, or 7)
- Mild Cognitive Impairment including Moderate Alzheimer's Disease (Stage 4)
- Developmental Disabilities

PCPs requesting referrals for CBAS typically use the following CPT codes and must also include a treatment plan with their faxed request to the CBAS Team at (909) 890-4632:

- **H2000** COMPREHENSIVE MULTI- DISCIPLINARY EVALUATION and
- **S5102** DAY CARE SERVICES, ADULT, PER DIEM (neither payable by Medicare).

IEHP will review the CBAS requests for medical eligibility determination and approve, modify or deny services and handle all related Utilization Management processes (e.g. approval letters, denial letters, appeal processes) for these services.

When CBAS requests are received by the IPA or when an IPA identifies a Member who may qualify for CBAS, they should fax the referral immediately to the IEHP CBAS Team at **(909) 890-4632** for review and determination. Our CBAS Team will continue to work closely with the PCP and IPA to ensure that all Member care is coordinated appropriately.

If you have any questions or concerns, please contact the CBAS Team, Monday through Friday, 8am-5pm, at **(909) 890-2779** or **(951) 335-3837**. Thank you and we look forward to working with you towards the improved health of our Members.
