After participating in this CME event, you will be able to:

- ♥ Provide the diagnostic criteria (definition) for postpartum depression
- ♥ Describe at least two evidence-based screening tools for postpartum depression
- ♥ Feel comfortable executing an evidence-based screening tool for postpartum depression into your own practice
- ♥ Describe "best practices" in the management of postpartum depression and the evidence behind them
- ♥ Identify local behavioral health and support resources for patients with postpartum depression
- ♥ Understand the effects on lactation of medicines commonly used to manage postpartum depression

This activity has been planned and implemented in accordance with the Institute for Medical Quality and the California Medical Association's CME Accreditation Standards (IMQ/CMA) through the Joint Providership of the Perinatal Advisory Council: Leadership, Advocacy and Consultation (PAC/LAC) and Inland Empire Health Plan (IEHP). PAC/LAC is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing education for physicians. PAC/LAC takes responsibility for the content, quality and scientific integrity of this CME activity. PAC/LAC designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™ per 90-minute session attended. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.
