The IEHP Care Management department is excited to announce that we have established a dedicated team of Care Management Nurses, Behavioral Health Staff and Coordinators to help you with care coordination issues for IEHP Members specific to the Low Desert Region.

Our goal is to provide you and your staff with direct support to better assist you and our Members. The Low Desert Team (LDT) will assist with services such as referrals and care coordination of medical, behavioral health services and social needs, as well as telephonic and on site complex care management.

If you would like to know more about the services we provide for our Members, we would be happy to visit your office and explain more in details.

For your convenience, the LDT has a dedicated telephone number for you to get streamlined assistance: (888) 860-1302.

We look forward in working closely with you and your team.
