

A Public Entity

INLAND EMPIRE HEALTH PLAN

To: Medi-Cal IPAs and PCPs
 From: IEHP - Provider Relations
 Date: May 11, 2015
 Subject: New Human Papillomavirus Vaccine (9vHPV)

IMPORTANT UPDATES!!!!

⌘ A new vaccine has been added to Inland Empire Health Plan’s (IEHP) list of Reimbursable PM160 Immunization Codes Schedule under the P4P program. Human Papillomavirus Vaccine (9vHPV) is payable effective for dates of service (DOS) **April 1, 2015**. Providers should continue to use the same PM160 code as Gardasil/Cervarix.

Vaccine:	9vHPV
PM160 Code:	76
Number in Series:	3
Administration Fee:	\$4.50
Age Range:	9-19 years

⌘ The recommended administration for 9vHPV, 4VHPV, or 2VHPV vaccine are for routine vaccination of:

- Females 11 or 12 years of age and females through 26 years of age.
- Males 11 or 12 years of age and males through 21 years of age.
- Men and immunocompromised men (including those with HIV infection) through the age 26 years.

⌘ For IEHP Members not enrolled in the Medi-Cal program, Physicians must submit a CMS1500 claim form to IEHP that must include the appropriate CPT code of 90651, quantity dispensed and billed amount. Please submit claims to:

IEHP Claims Department
 P.O. Box 4349
 Rancho Cucamonga, CA 91729-4349

⌘ Updated PM160 Reimbursable Immunization Codes Schedule and the Vaccine Reimbursement Schedule are available online at www.iehp.org

⌘ For any questions, please call the Provider Relations Team at (909) 890-2054.
