

November 14, 2017

Dear Administrators,

We are extending an invitation to you and your staff to join us for a **live training** on the **California Care Directives Registry (CCDR), the electronic POLST repository that captures and houses digital POLST forms.** IEHP has partnered with Care Directives to present a training to all Skilled Nursing Facilities within our network. Care Directives will do a live demo training on the registry platform. We will be there to answer your questions and provide feedback on any challenges you face while adopting this program within your facility.

Loma Linda University Medical Center (LLUMC) has implemented CCDR and integrated the program within their workflow.

This initiative with CCDR covers the entire healthcare spectrum which includes acute care hospitals, 1000 plus primary care physicians, and every skilled nursing facility.

Live CCDR Training for all SNF Staff

December 5, 2017

1:00-3:00 pm

Training Location: Loma Linda University Health
11155 Mountain View Plaza, Suite 8
Loma Linda, CA 92354

Sincerely,

Carrie Bacon, MD
