

PHYSICIAN ASTHMA CARE EDUCATION (PACE) TRAINING

Are you a physician, nurse practitioner or a physician's assistant providing patient care in Riverside or San Bernardino County?

Join a FREE, CME event hosted by the American Lung Association in California to learn more about current NHLBI asthma guidelines and health education/patient adherence.

Desired Outcomes:

At the completion of this program, participants will be able to:

- Implement the six priority action steps identified by the NAEPP for optimal asthma control
- Treat childhood asthma using improved therapeutic skills
- Improve asthma patient outcomes
- Communicate effectively with patients.

Q&A Presentation | Lunch Included

November 9th, 2016 from noon -2pm

10801 6th Street. Rancho Cucamonga, CA 91730
