Inland Empire Health Plan (IEHP) has received questions regarding measure details for the Timeliness of Prenatal Care and Postpartum Care measures that we would like to share with all IPAs and PCPs. Please note the following information that should be considered as additional clarifying information in addition to the Global Quality P4P training guide for both the Prenatal Care and Postpartum Care measures:

**“Members who have a live birth delivery in the following time period are included in your 2017 GQ P4P measure denominator: November 6, 2016 – November 5, 2017.”**

As a reminder, all communications sent by IEHP can also be found on our Provider portal at the following address: <https://ww3.iehp.org/en/providers/correspondence/>

If you have any questions, please contact the IEHP Provider Relations Team at (909) 890-2054.
