Subject: **DHCS Screening & Enrollment Requirement due December 31, 2018**

In August 2018, IEHP sent a notification to Providers stating that beginning January 1, 2019 Federal law requires that all managed care network Providers must enroll in the Medi-Cal Program if they wish to provide services to Medi-Cal managed care beneficiaries. The intent of this requirement is to reduce the incidence of fraud and abuse by ensuring that Providers are individually identified and screened for licensure and certification.

In accordance with the Department of Health Care Services' (DHCS) All Plan Letter (APL) 17-019, all Providers currently in IEHP's network and those looking to join the network are required to enroll in the Medi-Cal Program. The requirement to enroll in the Medi-Cal Program applies to all IEHP Providers providing services to Medi-Cal beneficiaries, including those participating through an IPA. **Providers must complete their enrollment in the Medi-Cal program by December 31, 2018.**

If you have already submitted your application to DHCS, please notify us that your application is in progress by sending us a copy of DHCS's Acknowledgment Letter to ProviderNetwork@iehp.org.
