Important Notice: California Winter Storm Emergency

Dear IEHP Pharmacy Provider,

Governor Newsom recently declared a state of emergency in several California counties due to severe storms, including Riverside and San Bernardino Counties. The storms caused extensive snowfall, high winds, dangerous flash flooding, erosion, widespread power outages, and mud and debris flows

In accordance with Assembly Bill 2941 and DMHC All Plan Letter 19-007, IEHP will provide enrollees displaced by the declared state of emergency with continued access to medically necessary health care services.

What does this mean for the IEHP Pharmacy Network?

Members may request early refills on medication(s) that were impacted by the storms, such as refrigerated medications. Pharmacies can reach out to the IEHP Pharmaceutical Services Call Center for the appropriate override or other needs.

If you have any additional questions, please feel free to contact us at (909) 890-2049 between 8:00 AM -5:00 PM Monday through Friday. Thank you for your attention to this matter.

Sincerely,
IEHP Pharmaceutical Services
