Date: December 12, 2019
Subject: **Webinar: Supporting Individuals with Intellectual and Developmental Disabilities (I/DD) as they Age**

The CMS Medicare-Medicaid Coordination Office (MMCO) will be hosting a webinar training opportunity on Supporting Individuals with Intellectual and Developmental Disabilities (I/DD) as they Age. This webinar discusses lessons learned and strategies for providing care for dually eligible individuals with I/DD across the lifespan.

By the end of this webinar, participants should be able to:

1. Recognize the physical, cognitive, and behavioral changes typical of the aging process, and how these changes may manifest for someone with I/DD.
2. Identify key supports families, health plans, providers and individuals with I/DD may need to manage these types of changes across the life span.
3. Describe an integrated approach health plans can utilize to respond to the needs of individuals with I/DD as they age.

CMS is evaluating this activity for Continuing Medical Education (CME) and Continuing Education (CE) credit. The number of credits awarded will be calculated following the activity based on the actual learning time. Final CME/CE information on the amount of credit will be available to participants within the Learning Management System (LMS) after the live activity.
