WHEN YOU NEED EXTRA CARE

We understand that certain health conditions are complex. If you have a chronic condition, like diabetes, hypertension, or substance use disorder, you might qualify for the IEHP Health Homes Program.

In this program, you will have your own care team that offers supportive services to address your whole health — to care for your body and mind.

YOUR CARE TEAM INCLUDES:

- Nurse Care Manager
- Behavioral Health Care Manager
- Care Coordinator
- Community Health Worker

THE TEAM WILL:

- Keep all your Providers fully informed
- Set goals for getting and staying healthy
- Find and apply for county and community services, like food, housing, legal services, and more

Joining the IEHP Health Homes Program will not change any benefits you now have. You can keep your Doctor, plus get:

- Your own care team
- A personal care plan
- Guidance through the medical process

These services are at no cost, and you can join or stop the program at any time.

SUPPORT WHEN YOU NEED IT

Your care team can support you by phone or in person and may even go to your home. You’ll never feel alone with the IEHP Health Homes Program.
